

Lambda Eta Ledger

News from Bryant University's Sigma Chi Chapter

MESSAGE FROM THE CHAPTER

The Lambda Eta chapter of Sigma Chi had a successful fall semester at Bryant University. Thanks to our Recruitment Chair, Colin Cady, we were able to extend seven bids, all of which were accepted by the candidates. The new Alpha Epsilon class was led by Magister Johnny Cadorette along with his two Pro-Magisters, Matt Rizoli and Dylan Gazdik. The initiation for the Alpha Epsilon class took place on November 8th, led by Kustos Ian Corne.

This semester, we focused heavily on community service. With the support of our community service chair, Connor Matson, we were able to log 269 community service hours! Connor successfully engaged our entire chapter in several different events. These included yard cleanups for retired veterans, dog walking for animal shelters, a food drive, and a Gift of Life cheek swab event. We plan to continue expanding our community service efforts next semester alongside our philanthropy and Derby Days events.

As the fall semester comes to an end Lambda Eta has to say goodbye to one very special senior, Alex Mirsky. Mirsky finished off his last semester at Bryant as our Pro Consul. His leadership and dedication through thick and thin have made him a beloved member of the Lambda Eta chapter. He's often been referred to as someone known and loved by all, even people he's briefly met. As a chapter, we often joke about how much praise Mirsky receives but it's fair to say that it is credit well deserved. We wish him the best of luck in his future endeavors and look forward to seeing him next alumni weekend.

CHAPTER POSITIONS

Executive Committee

Sigma Chi's Run The Rhode Continues!

Founded by brother Chris Olney, ten brothers from the Lambda Eta chapter individually run five miles each, starting from the Massachusetts/Rhode Island border and running to the most southern point of RI. In the week leading up to the event brothers tabled in the rotunda getting names of people who have been affected by cancer. These names were written on a Sigma Chi flag that was carried by each brother as they ran their five miles. This event helped fundraise for our record-breaking Derby Days, and we thank brother Chris Olney for this amazing event.
